Dear Mr. McCoy:

Congratulations to the Minneapolis Field Federal Safety and Health Council on being selected for a Meritorious Achievement Award for its commitment of the Occupational Safety and Health Administration's (OSHA) initiative to improve worker safety and health in the federal sector.

This national recognition is well deserved, and the council should be proud of its accomplishments in helping facilitate the exchange of ideas and information about occupational safety and health throughout your federal community. The council's outstanding effort was fully realized through teamwork, and each member of the council should be congratulated for this effort.

This year, OSHA is excited to announce that it will be contacting you regarding a virtual awards ceremony. The ceremony will allow all of the FFSHCs to virtually meet and recognize their peers who receive awards. If you have any questions, please contact Ms. Amanda Connelly, OSHA Federal Agency Program Officer, at (312) 886-7038.

Thank you for your commitment to worker safety. Working together, we can have a big impact as we progress toward our shared goal of sending everyone home safe and healthy every day.

Sincerely,
